

REMARKS

At the outset, the Examiner is thanked for the thorough review and consideration of the pending application. The Advisory Action dated August 1, 2008 has been received and its contents carefully reviewed.

In the Advisory Action, the Examiner had indicated that the amended claim 5 is not commensurate in scope with claim 1, because compounds H10-H20 in claim 5 recited anthracene as X.

In this response, claim 5 has been amended to delete compounds H10-H20. Moreover, claim 1 has been amended to deleted mistyping errors. No new matter has been added. Claims 1, 2, 5, 9 and 10 remain pending in this application.

Applicants believe that the foregoing amendments and remarks place the application in condition for allowance and early, favorable action is respectfully solicited.

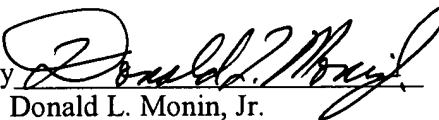

CONCLUSION

In view of the foregoing, Applicants respectfully request reconsideration and the timely allowance of the pending claims. Should the Examiner feel that there are any issues outstanding after consideration of the response, the Examiner is invited to contact the Applicants' undersigned representative to expedite prosecution.

If there are any other fees due in connection with the filing of this response, please charge the fees to our Deposit Account No. 50-2353. If a fee is required for an extension of time under 37 C.F.R. 1.136 not accounted for above, such an extension is requested and the fee should also be charged to our Deposit Account.
